

# Green Health Leaders' Initiative

We're pleased to invite you to the inaugural reception and interactive meeting of the Green Health Leaders' Initiative.

**Marine Room - The Westin Bayshore Tuesday June 13, 2017 5:15 – 7:15 PM**

The Canadian Green Health Leaders' Initiative is seeking to turn knowledge into action and passion into power by engaging Canada's most committed senior green healthcare leaders in an inspiring national movement.

Working collaboratively with senior leaders, board members, medical staff, sustainability leads, governments, and industry, we hope to strengthen the awareness, knowledge and commitment of leaders to improving climate change resiliency and environmental stewardship in health care.

Please join us for an interactive session to share your insights and help shape a greener and more sustainable future for Canadian health care. For more information, click [here](#).
