Sample Letter to Administration

Dear [Admin],

I hope this email finds you well. I wanted to share an exciting opportunity with you that aligns with our organizational goal [include a sustainability and well-being goal of your organization].

The Canadian Coalition for Green Health Care launched a project called 'Canadian Health Care Forests,' which aims to bring the forest to patients and staff in healthcare facilities like ours. They're partnering with Trees for Life Canada, the David Suzuki Foundation, and others to assist in planting trees, shrubs, and pollinator plants, as well as creating healing gardens and rain gardens. This initiative not only enhances the environment for patients and staff but also reduces our carbon footprint.

Would you be interested in joining this national movement and participating by exploring possibilities at [name site]? It's a meaningful way for us to demonstrate our commitment to sustainability. You can learn more about the organization on their website here.

Let me know your thoughts and thank you in advance!

Best regards,
[Your Name]
